Did You Know?

Many of your immune cells reside in your gut, or gastrointestinal tract. Gut health impacts many different areas of overall wellness, including immune system health, weight, cognition, mood, and more. 4Life® is the Immune System Company™, so it makes perfect sense that we would create exceptional digestive health products.*

4Life Transfer Factor® Boosts Growth of the Probiotics Found in Pre/o Biotics™

*An independent, university study assessed the potential benefit of Tri-Factor® Formula in Pre/o Biotics™. This in-vitro study measured probiotic growth in the presence or absence of Tri-Factor Formula in comparison to common prebiotics. Results revealed that Tri-Factor Formula enhances Pre/o Biotics by stimulating probiotic growth. These data suggest that Tri-Factor Formula has prebiotic effects and enhances the benefits of the other ingredients in Pre/o Biotics. [Weber State University, 2018, unpublished data].
