

4Life Transfer Factor Vista®

Lutein and zeaxanthin to promote vision and eye health*

- Supports visual acuity and sharpness*
- Includes ingredients to help shield the macula of the eyes from excessive blue light and oxidative effects of the sun*
- Promotes healthy eye function*
- Supports the eyes' ability to adapt to varying light conditions*

What Is 4Life Transfer Factor Vista?

4Life Transfer Factor Vista provides targeted support to benefit visual performance and eye health. It contains the #1 doctor-recommended lutein brand, as well as ingredients that support healthy visual acuity and the health and function of the macula of the eye.¹ It also features 4Life Tri-Factor Formula to support the immune system.*

Key Features

- Features 4Life Transfer Factor to educate immune cells*
- Includes carotenoids such as lutein and zeaxanthin to provide critical shielding and antioxidant benefits for the macula region of the eye*
- Provides powerful antioxidant support for the eyes with bilberry and black currant extracts*
- Includes vitamins A, C, and E to supply critical nutrients for the cells of the eyes and neutralize free radical activity*

Did You Know?

The macula is an oval-shaped, highly pigmented yellow spot near the center of the retina of the eye. The macula gets its yellow color from carotenoids such as lutein and zeaxanthin. It absorbs excess blue and ultraviolet light that enter the eye.

Many studies suggest taking omega-3 and omega-6 essential fatty acids to support the eyes.² In fact, lutein and zeaxanthin require the presence of fat to be absorbed into the body.³ BioEFA™ with CLA is a great companion product for 4Life Transfer Factor Vista.*

Primary Support:

Eye Health*

Secondary Support:

Immune System*

Antioxidant*

1. Based on the results of the National Disease and Therapeutic Index (NDTI) syndicated report among physicians who recommend a dietary supplement with lutein for eye health—August 2010–August 2011 (U.S. Data).

2. Chiu CJ et al. "Does eating particular diets alter the risk of age-related macular degeneration in users of the Age-Related Eye Disease Study supplements?" *Br J Ophthalmol*. 2009 Sep; 93(9):1241–6.

3. Van Het Hof KH, West CE, Weststrate JA, Hautvast JG. Dietary factors that affect the bioavailability of carotenoids. *J Nutr* 2000;130: 503-506.

DIRECTIONS: Take two (2) capsules daily with a meal.

Supplement Facts	
Serving Size: Two (2) Capsules	Servings Per Container: 30
Amount Per Serving	% DV*
Vitamin A (as 50% beta carotene and retinyl palmitate)	1500 mcg RAE 167%
Vitamin C (as ascorbic acid and ascorbyl palmitate)	65 mg 72%
